Ref: State of AZ vs Robert Hank Van Brakel CR2008-031157-001

Dear Judge Timothy Ryan:

I/we are writing to you because we knew Cal Holman and want you to know how reckless and irresponsible we believe the actions by Robert Van Brakel on December 28, 2007 were which took the life of a person who had given so much as a public servant.

The loss of Cal as a family man, and well-respected civic and community leader due to unnecessary speeding is irreproachable. (Insert any personal or customized information here to support your feelings about Cal.)

Racing on public streets at anytime, but certainly in the middle of the day, should be punished to take this tragedy into account and also to discourage others from making our streets dangerous to innocent bystanders.

Please accept this letter as public acknowledgement of the wrongful actions taken by this individual and our endorsement of the twelve and a half year jail sentence when making your final ruling.

Sincerely;
